Radon Health Risk Information

Radon is the second leading cause of lung cancer after smoking. The U.S. Environmental Protection Agency (EPA) and the Surgeon General strongly recommend that further action be taken when a home's radon test results are 4 pCi/L or greater. The national average indoor radon level is about 1.3 pCi/L. The higher the home's radon level, the greater the health risk to you and your family. Reducing your radon levels can be done easily, effectively and fairly inexpensively. Even homes with very high radon levels can be reduced below 4 pCi/L. Please refer to the EPA web site at www.epa.gov/radon for further information to assist you in evaluating your test results or deciding if further action is needed. Note that the EPA recommends retesting for Radon if the building conditions change. This can include, but is not limited to, door/window replacement, installation of weather stripping &/or insulation, replacement of utility mains, changes to the heating or cooling system, development of foundation cracks, installation of vent fans, and installation of a wood or pellet stove. Additionally, We do not have access to reliable weather data specific enough to determine if neighborhood rainfall and wind thresholds established by EPA were exceeded during the testing period. In cases of radon average results above 4 pCi/L where sustained winds above 30 mph or rainfall exceeding 1" accumulation occur during a 48 hour test, the EPA recommends re testing to confirm results. Contact our office with any questions.

Notification of MVF By-Law change requiring new homebuyers to pay a Capital Contribution Fee (CCF), effective January 1, 2012

On September 19, 2011, the Montgomery Village Foundation Representatives passed a by-law amendment to approve addition of a Capital Contribution Fee. This amendment requires this fee to be charged to the buyer upon purchase of any property (private dwelling unit—home or condominium— or multi-family apartment complex) within Montgomery Village. The fee must be paid at settlement by the buyer of the property and is set at **1/10th of 1% of the gross selling price of the property.** The funds will be placed in a segregated account to be used to fund new facilities and amenities open to the use and enjoyment of all residents and will help offset dependence on assessment dollars to implement these capital projects.

Provision for this type of fee has become standard in the documents of most new homeowner associations, and many older existing associations have amended their documents to provide such a source of revenue for enhancing their amenities without depending solely on assessment dollars. MVF staff has put together a five-year Capital Plan that incorporates specific projects, anticipated project costs for each of the next five years, estimates of reserve funds that will be available going forward, modest anticipated assessment increases and estimates of revenue expected from the Capital Contribution Fee.

Board members and staff firmly believe that the new fee will help sustain continuous investment in the community in order to help maintain and increase property values and enable Montgomery Village to compete with other communities in providing up-to-date, desirable amenities, while at the same time helping to keep assessment increases at a minimum.

The amended By-Laws have been sent to the Circuit Court for their records, and notification of the change has been advertised in the *Gazette* and *Village News*.

The fee will be collected starting January 1, 2012.

Questions about the By-Law Amendment should be sent in writing to:

The following footnote references apply only if the table above has a foot number reference.

1. Phase in value comes from the data base at the Maryland Department of Assessments and Taxation http://www.dat.state.md.us/, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
2. Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: https://www.montgomerycountymd.gov/finance. Look for a link to "Pay or view your property tax bill on line".
3. County Property Tax is the sum of the General Fund tax and several special fund taxes.
4. All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
5. This property is located in an **existing** development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the FAQ section of this website.
6. You must update the estimate for the property taxes and other non-tax charges
    a. Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change; AND ALSO
    b. In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
7. This property is located in a **proposed** development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the FAQ section of this website.
8. The Proposed Estimated Total includes all actual and proposed taxes and non-tax charges relative to this property.
9. This is a one time charge assessed against this property and is not an annual fee. It should be paid before the property is sold and will remain due until paid.

Consent for Dual Agency

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

When Dual Agency May Occur

The possibility of Dual Agency arises when:

1) The buyer is interested in a property listed by a real estate broker; and
2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

Important Considerations Before Making a Decision About Dual Agency

A broker or the broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the buyer has previously signed this Consent for Dual Agency, the buyer must **affirm** the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the seller has previously signed Consent for Dual Agency, the seller must **affirm** the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

1. **Consent in writing to dual agency.** If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
2. **Refuse to consent to dual agency. If either party refuses to consent in writing to dual agency,** the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller terminates the brokerage agreement, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer terminates the brokerage agreement the buyer may choose not to be represented but simply receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written brokerage agreement with a different company.

Duties of a Dual Agent and Intra-Company Agent

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

1) Anything the client asks to be kept confidential; *
2) That the seller would accept a lower price or other terms;
3) That the buyer would accept a higher price or other terms;
4) The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or
5) Anything that relates to the negotiating strategy of a party.

* **Dual agents and intra-company agents must disclose material facts about a property to all parties.**

How Dual Agents Are Paid

Only the broker receives compensation on the sale of a property listed by that broker.
If a financial bonus is offered to an agent who sells property that is listed with his/her broker, this fact must be disclosed in writing to both the buyer and seller.

Consent for Dual Agency

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency and that if I **refuse** to consent, there will not be a dual agency; and that I may withdraw the consent at any time upon notice to the dual agent. I hereby **consent** to have
